## WHAT'S INSIDE

### Special Report: China Fibreboard Industry Update in 2017

The supply-side structural reform of China's fibreboard industry has been continuously managed in 2017 resulting in the stable development of production. China completed only one new continuous press production line of fibreboard in 2017.

However, the Chinese government has closed or curtailed 621 production lines, in total, by the end of 2017 representing 22.96 million m3 of outdated production capacity. This represented a decrease of 2.6% from 2016, or the third continuous year of negative growth. The supply and demand relationship, however, has....
