WHAT'S INSIDE

Special Report: China Particleboard Industry Update

China had nearly 379 particleboard factories operating 417 particleboard production lines in 24 different provinces and regions at the end of 2017 - a dramatic increase of 43.5% from 2016. China completed 40 new particleboard production lines in 2017, adding new annual production capacity of 6.43 million m³; 17 new lines are continuous presses representing around 61% of the increase...
