WHAT'S INSIDE

Special Report: China Market Update 2019-Q1

China's economy is moving toward the long-term goal of shifting away from a development strategy based on heavy investment in industry and infrastructure, to one based on services and domestic consumption. While the last three economic rebounds (in 2009, 2013, and 2016), were driven by infrastructure in real estate development, the economic recovery in this round is unlikely to be investment-led because of a lack of adequate financial support. ...
